CAREER OBJECTIVE

Motivated B.Tech AI&DS student seeking an internship or entry-level opportunity to apply foundational knowledge in Artificial Intelligence, Machine Learning, and Data Science. Eager to contribute, learn, and grow within a dynamic team environment.

EDUCATION

B.Tech – Artificial Intelligence & Data Science (Pursing)

2024 – 2028

Thamirabhrani Engineering College, Tirunelveli, Tamil Nadu

- Current CGPA: 8.2 / 10.0
- Relevant Coursework: Machine Learning, Data Structures & Algorithms, Database Management, Python Programming, Statistics & Probability, Data Science Fundamentals

INTERNSHIP EXPERIENCE

Data Science Virtual Internship – Thiranex

Jun 2026 – Jul 2026

Remote

- Completed a 4-week remote virtual internship, delivering one hands-on Data Science/Machine Learning project each week
- **Project 1 – Exploratory Data Analysis:** Identified patterns, correlations and key insights from data using Python, Pandas and Matplotlib – github.com/arahulroshan/Exploratory-Data-Analysis-Project
- **Project 2 – Data Cleaning & Visualization:** Cleaned and visualized raw datasets using Python, Pandas and Matplotlib – github.com/arahulroshan/Data-Cleaning-Visualization-Project
- **Project 3 – Predictive Modeling (Machine Learning):** Built and evaluated a Random Forest model for outcome prediction, including training and testing – github.com/arahulroshan/Predictive-Modeling-Machine-Learning-Project
- **Project 4 – Retail Sales Analysis and Prediction:** Performed data cleaning, EDA, visualization and sales prediction using machine learning – github.com/arahulroshan/Retail-Sales-Analysis-and-Prediction

CERTIFICATIONS & COURSES

NPTEL Online Certification

2026

- Successfully completed NPTEL course – The joy of computing using python
- Awarded by IIT/IISc under NPTEL programme with proctored examination

Online Webinar Certification

2024

- Attended webinar on Artificial Intelligence conducted by Novitech R&D Pvt Ltd
- Gained practical exposure to industry trends and real-world applications

TECHNICAL SKILLS

Programming Languages: Python (Basics), C (Fundamentals)

Libraries / Tools: NumPy, Pandas (Beginner), Matplotlib (Basics)

Core Concepts: Machine Learning basics, Data Analysis, Statistics, SQL (Fundamentals)

Tools / Platforms: Google Colab, Jupyter Notebook, MS Office(Word,PowerPoint)

ACADEMIC PROJECTS

Mini Project:Stock market price moment visualization by date

2026

- Analyzed historical stock market datasets.
- Technologies/tools used: Python, relevant libraries.
- Generated insights from time-series data analysis
- Outcome: Visualized stock price trends using graphs and charts.

SOFT SKILLS & ATTRIBUTES

Quick Learner	Team Collaboration	Problem Solving
Time Management	Communication	Adaptability

CO-CURRICULAR & EXTRACURRICULAR

- Active participant in college technical events, seminars, and workshops
- Attended department-level webinars and industry interaction sessions
